Professional Learning Day Plan – January 26, 2026

The following is a brief description of our planned professional learning work for September 19. This work is organized around our district's four collective goals:

- All students shall read, write, and communicate at grade level in both languages of instruction.
- All students shall be at grade level in numeracy.
- All students and staff will feel safe, cared for, and engaged in learning.
- All students shall graduate from high school.

School staff will monitor the impact of their work from September 19, and on subsequent professional learning days, in achieving these goals.

Literacy

- K-8 teachers will learn about effective instructional practices for teaching writing.
- 1-8 FI teachers will continue to expand their knowledge of best instructional practices to support students learning a second language.

Numeracy

- Teaching teams will review data from the numeracy intervention to determine next steps.

Safe, Cared For, and Engaged

- Educational assistants will participate in a session to improve their communication skills from an inclusive school perspective.

Graduation

- K-8 teachers will review attendance data to identify and intervene with students who are chronically absent.
