## This Week at PRS

This week at Petitcodiac Regional School was filled with focused learning, strong engagement, and exciting opportunities, including our middle school and high school drama students participating in drama festivals in Fredericton. We're proud of the creativity, teamwork, and confidence our students showcased, and we're excited to finish the year strong together.

## Did you know?

This week marks the time of year when the Bay of Fundy's record-breaking tides really start to shine for visitors – with warmer weather returning, you can actually see the dramatic difference between low and high tide in just a few hours. In some spots, the water can rise higher than a four-storey building in a single day!

## PRS Library

The last day for visiting the library & signing out library books will be May 29<sup>th</sup>. All library books must be returned before Friday, June 5<sup>th</sup>.

## Positive Reinforcement

This week, Mrs. Kira Kelly worked with some of our students who were recognized for consistently meeting behaviour expectations at school. Together, they painted some birdhouses that were built by some of our ESAP students. Great work!

Biology and Chemistry students recently enjoyed an exciting and inspiring day at a Student Energy Conference held at NBCC Saint John on Tuesday! Students took part in engaging, hands-on workshops where they explored green energy creation, collaborated to problem-solve innovative ways to capture energy from the oceans, and learned about the many well-paying STEM career opportunities in the energy sector. It was a fantastic learning experience, and everyone thoroughly enjoyed the day. We are grateful for the opportunity to participate in such a meaningful event!

This week, our middle school drama club delivered an outstanding performance at the Drama Provincial Festival! Several PRS students were recognized with festival-wide awards—an incredible achievement:

- Outstanding Leading Actor – Harper Woods
- Outstanding Supporting Actor – Logan Stevens
- Outstanding Supporting Actor – Stanley McGibbon

The students were thrilled, and their success placed us among the top three schools overall—a result that far exceeded our expectations. With many of last year’s members moving on to Grade 9 and over half of this year’s cast made up of Grade 6 newcomers, we approached provincials with a focus simply on doing our best. It’s safe to say they surpassed every expectation!

Beyond the awards and strong performances, what stood out most was how our students conducted themselves. They represented our school with pride—showing kindness, sportsmanship, and unwavering support for other schools throughout the festival. Mme. Bastarache and the chaperones were extremely impressed and couldn’t be more proud of this group.

Fantastic work, Panthers!

## Supporting French Learners

New Brunswick, Canada's only officially bilingual province, has 34% of adults fluent in both English and French, creating rich cultural and career opportunities. Learning French through the Anglophone education system boosts academic success, critical thinking, and global career pathways. Please see the following resource to support French language learners:
